Community facilities

We offer our members several types of work facilities. Our concept is based on **activity-based working**. This means that you are able to use all the facilities (one spot at a time) and choose which type of work facility matches your work style, mood, vibe or task.

FLEXIBLE WORK SPOTS // The Landing Space // ground floor and 1st floor

This is the area to work when you have a flex subscription, or when having a unit upstairs, to start your day, with a good cup of coffee, check your e-mail while waiting for your clients or have a short informal meeting. The chairs are not bookable. Use them upon availability.

CALL BOOTH // Talk to me // ground floor

Your capsule for the take-off online meetings and effective calls! Use it upon availability. If you receive a call in the open area where community members are working, please check if one of the call booths is free and be social; move over.

STARTUP SUPPORT // Aim for the Moon // ground floor

The Startup Support zone on the ground floor is primarily the spot for meetings between founders and their VC, angels or advisors. If this spot is not occupied or reserved, feel free to use it to open your laptop, have a coffee or read a book.

COFFEE CORNER // The Launch Pad // ground floor

Soof will serve you a great cup of coffee or tea starting on the 1st of March from 09:00 - 11:00 AM. In the coffee corner you can drink your coffee, and make lunch yourself using the panini iron and microwave. Soof provides fresh lunch articles each day.

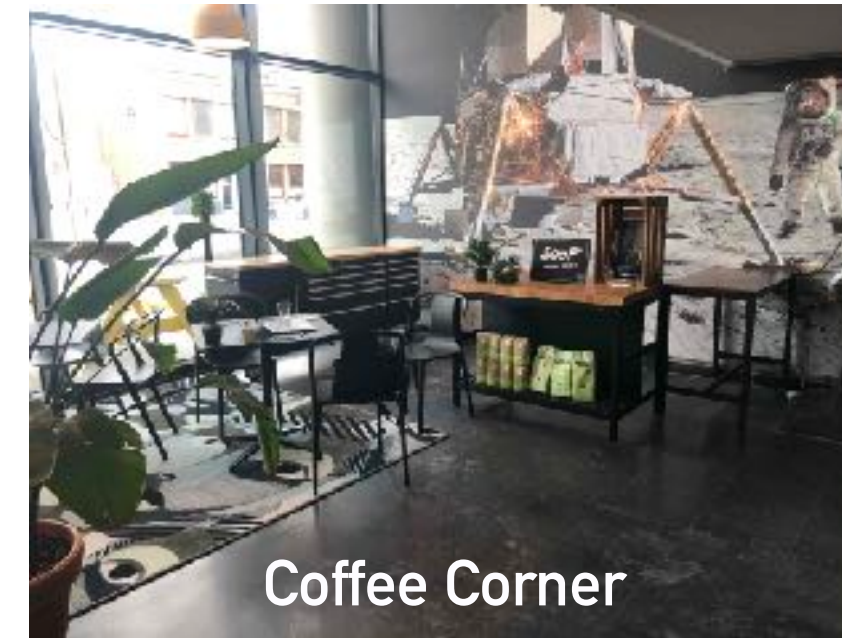

FOCUS FLEX OFFICE // The Silent Space // 3rd floor

On the 3rd floor you find the focus flex office where flex workers can work in silence. Full is full.

YELLOW AND BLUE PANTRIES // Eat me up Scotty // 3rd and 4th floor

The pantries can be used for breakfast, lunch and informal meetings. Please don't use your lunch somewhere else then the pantries or coffee corner. So we can keep it clean and you don't have to meet in someone else's bread crumbs.
